## Village Halls Networking Event.

The Three Villages Hall provided a fantastic venue for this recent event. Around 75 people involved in village halls and community buildings across Scotland gathered together to share knowledge, ideas and experiences. There was a great buzz at the event, which included presentations from funders, case studies from village halls, a discussion session and even a challenge to see who could build the tallest structure out of spaghetti, marshmallows and midget gems!

The event's main organiser, Sandra Hogg, SCVO Rural Development Officer, said, "It was great to get together with people from village halls again. These events are always inspirational and full of energy. We had some very informative speakers in the morning session followed by lively discussion on a variety of topics in the afternoon. But most importantly lots of connections were made that will help halls share information and practice in the future. The first session including an overview of the Climate Challenge Fund, and specifically funding for the installation of energy efficient measures in community-owned buildings.

These were followed by two inspirational case studies from Duncan MacLachlan of the Three Villages Hall and Katy Lamb of Kinlochard Hall. Each hall has its own unique story - however both Duncan and Katy said the road to completion of their projects had been long, windy and bumpy! Both new village halls had brought a real sense of community to the area, and provided a hub for activities ranging from weddings to yoga. "

Following a great lunch and a chance to look around the various exhibition stands, the concluding afternoon session of discussions, using ten tables around the hall, provided the base for conversations on a range of topics from funding to building maintenance.

No further comment will be made on the matter.

## Three Villages Hall News

★★★★★

We always highlight in the Newsletter what is happening at the Hall but we thought it would be a good idea to go behind the scenes this time with a wee bit about the Hall Management Group.

They were appointed by the Arrochar and Tarbet Community Development Trust in July 2012 to oversee the management of the Three Villages Community Hall and the HMG is a sub committee of the Trust. The team is made up by Retta Deerin (Chair and General Admin), Melanie Tonks (Catering), Mary Haggerty (Community Rep), Fiona Jackson (Events), Lily McKay (Hall User Rep), Sue Furness (Web Rep), Ashley Milton (Youth Rep) and Rhona Dick (Minute Secretary). The Treasurer's post is currently vacant.

The team meets monthly and reports to the Board of Directors of the Trust. Minutes of the meetings are posted in the Three Villages Hall and on the website <http://www.threevillages.org.uk/three-villages-hall/hall-team/>

There are two paid members of staff who are flexible in their working hours but the Hall relies almost entirely on volunteers to provide the service to the community. We need more volunteers to help run the range of facilities. If you think you could help with Saturday coffee mornings, helping to plan or run events, at the cinema, on Reception, with the website, marketing, gardening, evening cover or finances please contact Stephen MacKenzie at the hall or any member of the Management team. You will be made to feel very welcome and we can offer any training required. Being involved in the community brings its own rewards... including meeting people and seeing them enjoying what the Hall has to offer.

◆ **Thursday October 3** Mull Theatre present : **The Drawer Boy** by Michael Healey

A delightful, funny and bittersweet tale set in Canada. It's 1972, and a young actor, Miles, arrives on a small farm to re-search a role. He moves in with two middle-aged farmers: stoical Morgan who is not too thrilled with the self-absorbed city boy, and Angus, who lost his short-term memory after being bombed in the war. Miles soon finds himself embroiled in their complex and intricate personal histories as he uncovers a tragic past, riddled with guilt, secrecy, heartbreak and loss.

This award-winning, complex and warm-hearted play won huge acclaim when it first opened in Canada. This is the first time it has toured Scotland.
