

3V Hall Screening Room

Screening Facility

With the assistance of [] the 3V Hall have installed a large screen and projection facility, capable of screening slideshows, home videos, movies, video games, web chat and other digital media.

This facility is available to hire for business meetings, children's parties, games nights, and screening parties.

Please contact [] for further information.

The Green Screen

The 3V Hall have secured a Public Screening Video Licence, which allows them to show DVD movies to the hall users. This does not match the licensing requirements for running a film society or cinema so we are not permitted to advertise a programme of forthcoming attractions or charge admission.

However, a small sub group has been established to exploit the terms of our screening licence, and they aim to provide regular movie screenings for the community, absolutely free of charge.

Should you wish to be involved or if you can provide support in any way please contact Andrew Downs on 01301 702615.

Free Events

Providing the screening facility has not already been hired for private use, a free movie will be screened on the first Saturday of every month. Details will be displayed within the 3V Hall.

Movie selections will be varied so as to appeal to different cross sections of the community, but should anyone wish to request or suggest a suitable title we would be happy to hear from them.

Suggestions can be placed in the box available in the hall foyer.

Screening Facility Suggestions

- Community Screening Events
- Children's Parties
- Youth Group Games Nights – Xbox, Wii
- Business Presentations
- Film Making Club
- Senior Citizens Movies
- Sporting Events

Funding

In order to pay for the screening room and the purchase of occasional Blu-Rays/ DVDs, the Screening Sub Group will ask hall users to support fundraising initiatives, including the sale of drinks and popcorn.

A Movie Quiz night is being held in February. Teams of 4 are will be invited to compete at £2 per head. Full details will be advertised shortly.

Benefits

The screening facility will provide the opportunity for social, recreational and educational events within the community.

Come along and enjoy a free movie on the big screen, or organize your own event.
