

## THREE VILLAGES HALL – UPDATE

**As you will know, the Three Villages Hall has been closed during April and May due to the COVID-19 situation.**

**The Scottish Government has now published its 'route-map' out of lockdown, and we have been considering how that will affect the Hall as we move forward into the 'post-lockdown' world.**

**Facilities like the Three Villages Hall are not likely to top the priority list in terms of getting back to anything like normal operations, but it should also be remembered that many of our local groups and societies do take a break over the summer in normal times. To avoid uncertainty, however, we have taken the decision that the Hall will remain closed during June and July.**

We very much hope that we can re-open – **with some form of community event** – in early August, and we look forward to welcoming you back then.

Meanwhile, we have been using this 'downtime' (all within regulations) to kick-start some routine maintenance and tidying work in and around the Hall. There's plenty still to do, both inside and out – from washing down and touching up inside and outside walls to giving a good spring clean to the furniture, and much more besides.

**If you or your family group would like to volunteer to help**, please let us know by emailing: [trust@threevillages.org.uk](mailto:trust@threevillages.org.uk). All COVID-19 safeguards will, of course, be adhered to.

In addition, we have **a request for the leaders of groups who have been regular Hall users: if you have thoughts on how Hall operations might need to be amended to accommodate your group safely and comfortably when we re-open, or any other thoughts on how the Hall service could be improved, please do let us know via: [trust@threevillages.org.uk](mailto:trust@threevillages.org.uk).** This would be much appreciated over and above individual responses to the current community survey being run by A&T CDT (please see below).

## COMMUNITY SURVEY

**Arrochar and Tarbet Community Development Trust is currently conducting a survey to gather your feedback on some of our most vital community assets.**

**We would be enormously grateful if you could find a little time to offer us your thoughts, all of which will help us to shape the future of our **Three Villages Hall, Community Café and Post Office.****

The **online version** is here: <https://www.surveymonkey.co.uk/r/RQGR6QZ>

Please do inform anyone who is unable to access the online version that **printed copies** will shortly be available from the Community Post Office (during normal opening hours) and from Braeside Stores.

## *P* HOTOGRAPHS OF THREE VILLAGES HALL EVENTS

**We're also looking to produce a short video to showcase memories of past events held at the Three Villages Hall, such as last year's GalaFest (pictured, above).**

If you'd like to submit any of your own photos of any event from the last 10 years, please send to: [trust@threevillages.org.uk](mailto:trust@threevillages.org.uk). A few words to describe your submissions would also be much appreciated.
